(Department of Electronics & Telecommunication)

A
Project entitled

“Linear Variable Differential Transformer (LVDT)”

Submitted by

Vedant Bhoj	(T80393027)
Faizan Bute	(T80393035)
Harsh Chaturvedi	(T80393074)

Mini Project & Seminar

T.E. Electronics & Tele-Communication

of

University of Pune

Under the supervision of

Prof. V. B. Ambhore

(Project Guide)

Year 2013 – 2014

BansilalRamnathAgarwal Charitable Trust's
Vishwakarma Institute of Information Technology
(Department of Electronics & Telecommunication)

CERTIFICATE

This is to certify that the project “**LVD**T” has been successfully completed by

Vedant Bhoj
Faizan Bute
Harsh Chaturvedi

It is an original work done by the students and has not been submitted previously by any other student/students for the award of any other degree of same or other university.

The work is done, on the basis of the work allotted to these students, based on various Project ideas presented by them.

This project report is being submitted as a part of the subject Mini Project and Seminar at T.E.-E&TC.

(Prof. **Vishal B. Ambhore**)

Project Guide

(Prof. **P. D. Khandekar**)

H.O.D- E& TC

ACKNOWLEDGEMENT

The Success of any project is never limited to the individual undertaking the project. There are some personalities involved whose role is very vital for successful completion of a project.

We take this opportunity to extend our sincere thanks and gratitude them. We wish to thanks ***Prof.V.B.Ambhore and Prof. Dr. R.B.Ghongade*** who guided us time to time during the project. We also thank to our **H.O.D. Prof.P.D.Khandekar.**

At last we are thankful to all teachers and other staff members for their support and help in making this project come true.
